Welcome to Universidad Europea

It is a pleasure to welcome you
to Universidad Europea.

01

Welcome to UEV

Universidad Europea was founded in 1989, **40% of our students are international and come from more than 125 countries**, making us one of the most international Spanish universities in the country. We have around 22,000 students and 95,000 alumni between our three campuses in Madrid, Valencia and the Canary Islands.

At the **Universidad Europea de Valencia** we have 51% of international students of more than 60 different nationalities and an employability rate of 90% after the first year after graduation.

We have designed this Guide to share with you the practical information you need to prepare your trip to Valencia and your first steps in the city. If you have any further questions about your stay, you can contact international.valencia@universidadeuropea.es

Prior to the exchange, the international office of your university must have nominated you via the appropriate form as stipulated in our agreement.

Once we have received the nomination from your university, we will send you confirmation and the link to the **MoveOn platform** where you will have to formally register by providing your personal and academic details.

Once your enrolment has been validated, we will contact your **international mobility advisor** and inform you about the academic offer for your degree. You will be able to ask academic questions to your advisor and once you have decided on the subjects, we will proceed with the enrolment. If you are an Erasmus+ student, you can make your **Learning Agreement Online** at this moment.

The University **recommends that** all international students **take out private medical insurance**, as it is important to be covered in case of an emergency or unexpected situation.

You can take it out at any time and **from your country of origin** via the following [link](#).

If a visa is required, it must be requested by the student him/herself at the corresponding Spanish Consulate or Embassy. To obtain the address of the Spanish Consulate or Embassy in the country of origin, as well as the application process and necessary documentation, you can visit the [website of the Spanish Ministry of Foreign Affairs and Cooperation](#).

Useful info: this is an indicative list of the requirements and **documentation necessary to obtain a visa:**

Class attendance

Class attendance is compulsory. Only students in possession of a Spanish medical or work certificate will be able to justify their absence. A **minimum of 50% attendance** is required to be able to sit the ordinary exams in January and June. A trip is not a reason to justify an absence. Students who do not meet this minimum requirement will fail the course in the ordinary call and will have to resit during the **extraordinary call in July**.

Final tests

UEV holds **two periods of final examinations** during 2 ordinary calls, at the end of semester 1, in January, and at the end of semester 2, in June. **Attendance at the exams is compulsory**. The official dates are communicated by email 2 months before these periods. In addition, each teacher will share the details of their test, date and classroom via the virtual campus.

Academic Aspects II

Evaluation criteria

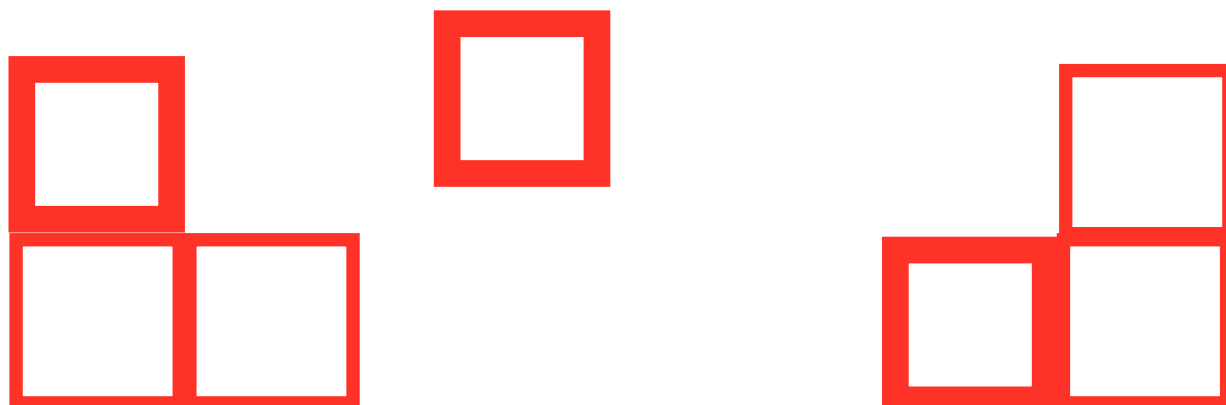

According to RD 1125/2003 of 5 September 2003, the level of learning acquired by each student in each subject of their syllabus is reflected by a numerical evaluation (see scale below) from 0 to 10 associated with a qualitative mark:

Grades: Outstanding: 9.0-10 / Merit: 7.0-8.9 / Pass: 5.0-6.9 / Fail: 0-4.9

Transcripts of Records (TOR)

Once the period of studies at UEV is over and once the official results have been published, UEV will send by email a transcript **of grades** reflecting all the subjects enrolled and the results obtained directly to the student and to the International Office of its home university.

Certificates are usually issued **2 to 4 weeks** after the end of the semester.
